

22 September 1966

4760-66

STATINTL

My resignation from the Central Intelligence Agency will become effective on 23 September, at which time my present deputy, Mr. Carl E. Duckett, will become Acting DD/S&T. I know that Carl would appreciate, as I have, your strong support to the scientific and technical programs of this Agency. I consider it to have been a distinct privilege to have served the Agency for the past four years.

I have accepted an offer from the Hughes Aircraft Company to become their Vice President for Engineering.

Sincerely,

Albert D. Wheelon

DD/S&T
